TECHNOMOND STEEL INDUSTRIES

ISO 9001:2015 Certified Company

***Manufacturers,
Suppliers
and
Exporters..***

Our Profile:

Established in 1998, we, "Technomond Steel Industries" an ISO 9001:2015 Certified Company are engaged in manufacturing and exporting a wide range of Stainless Steel Product like Fuel storage tank, Water storage tank, Milk storage tank, Water tanker, Water ATM machine, Canes, Bulk Milk Cooler, Mixing tanks, Heating tanks, Dump tank, RO water cooler, Milk weighting scale, Pasteurizer, Cream separator, Paneer making machine, Paneer pressing system, Paneer hoops, Paneer coagulation vat, etc that are well fabricated with precision and dedication to deliver the best to our clients. Our organization is highly supported by some of the most renowned vendor base in the market who is well-known to supply us only the quality tested products delivered to our clients. Being a client centric organization, we have adopted a highly client specific business policies and we take into account their specific directions and offer the products accordingly.

Year of Inception 1998, Indian Dairy Equipment Co. are the leading manufacturer and supplier of a wide range of products like milk fat tester, electronic milk fat tester, milk fat tester equipments milking machines, that are used in dairy industries. All our products have different attributes that help us to gain success in the market. We use qualitative raw material for designing the products and to satisfy our clients.

Corporate Mission:

We have also facility with Internet to offer prompt response to customers and associates with the latest production & quality control facilities, highly skilled & motivated force augur the demand for the high precision products for the varied industries and wide applications.

"The Company believes in Producing Quality rather than inspecting it."

The company aims towards customer satisfaction. It is achieved by supplying components / jobs, sub-assemblies, assemblies conforming to the Specified / Agreed specifications adhering strictly to the delivery schedule.

Our Products:

Bulk Milk Cooler

Specification:

- Material- SS 304
- Orientation- Horizontal/Vertical
- Cooling time- 3 hour (from 37°C to 4°C)
- Compressor- Emerson (Automatically turn off after reaching 4°C and turn on after increasing temp.)
- Agitator- 30 rpm
- Coolant- R22
- Insulation type- High density PUF

Road Milk Tanker

Specification:

- Material- Stainless steel
- Design type: Customized
- Orientation: Horizontal
- Anti-corrosive body
- Weather resistant
- Insulation type- High density PUF

Milk Pasteurizer Machine

Specification:

- Centrifugal Transfer Pump
- Plate heat exchanger
- Milk pasteurization temp.- 85°C
- Cooling temp.- 37°C/4°C
- Cooling by- Ice Bank Tank/ Cooling tower
- Heating by- Electric Heater/ Boiler

Our Products:

Milk Storage Tank

Specification:

- Material- Stainless steel 304
- Design type: Customized
- Orientation: Horizontal / Vertical
- Anti-corrosive body
- Weather resistant
- Insulation type- High density PUF

Milk Weighing Scale System

Specification:

- Material SS 304/316/202
- Accurate measures
- Longer service life
- Cost-effectiveness
- LED Display

Khoya Making Machine

Specification:

- Material: SS 304 /316/202
- Tilting type: Manual/Automatic
- Trouble free functioning
- Operated by- LPG/ Steam/ Diesel
- Multi-purpose machine

Our Products:

Milk Pouch Packing Machine

Specification:

- Machine type- Fully automatic
- Material- Fully stainless steel covered
- Packing volume- 200 to 1000 ml
- Precision of filling- 1.5%
- Production capacity- 2000 bags /hour

Mobile Milk Vending Machine

Specification:

- Set 5 types of different price & 5 different Milk quantities on 5 yellow buttons.
- Mini Sim slot for GSM & GPRS communication.
- 4 types of Indian coins 1, 2, 5, and 10 Rs. are operational for Milk dispensing.
- Adjustable Milk Volume 250 ml, 500 ml, 1, 2, 3 & 5 Liters.

Milk ATM Vending Machine

Specification:

- Set 5 types of different price & 5 different Milk quantities on 5 yellow buttons.
- Mini Sim slot for GSM & GPRS communication.
- Adjustable Milk Volume 250 ml, 500 ml, 1, 2, 3 & 5 Liters.
- Chilling option

Our Products:

Paneer VAT Machine

Features:

- Material- SS 304/316/202
- 3 Layer tank
- Insulation type- High density PUF
- Agitator motor
- Compressor- Emerson
- Heating by- Hot water

Ghee Boiler Machine

Specification:

- Set 5 types of different price & 5 different Milk quantities on 5 yellow buttons.
- Mini Sim slot for GSM & GPRS communication.
- 4 types of Indian coins 1, 2, 5, and 10 Rs. are operational for Milk dispensing.
- Adjustable Milk Volume 250 ml, 500 ml, 1, 2, 3 & 5 Liters.

Pneumatic Paneer Press Machine

Specification:

- Material- Stainless steel
- Easy to operate
- Power efficient
- High productivity
- Power efficient
- Corrosion free

Our Products:

Milk Homogenizer Machine

Features:

- All Covering panel & contact parts made from S.S. 304
- Material- Stainless steel
- High productivity
- Two stage homogenization
- Anti corrosive body

Dump Tank

Specification:

- Material: SS 304 /316/202
- Tank finish- Matt finish
- Supporting legs
- Zero drain

SS Heating Tank

Specification:

- Material- SS 304/316/202
- Insulation type- High density PUF
- Agitator motor
- Control panel
- High temp. resistant
- Heating by- Hot water/ Oil/ Electric heater

Our Products:

SS Water Tank

Features:

- Material- SS 202/304
- Design type: Customized
- Orientation: Horizontal
- Corrosive resistance
- Suitable to mount on trolley or vehicle

Limped Jacketed Tank

Specification:

- Material of construction: SS 304/316/202
- Orientation- vertical
- MS/SS Jacket or limpet coil for steam heating
- High-density glass wool/ PUF insulation

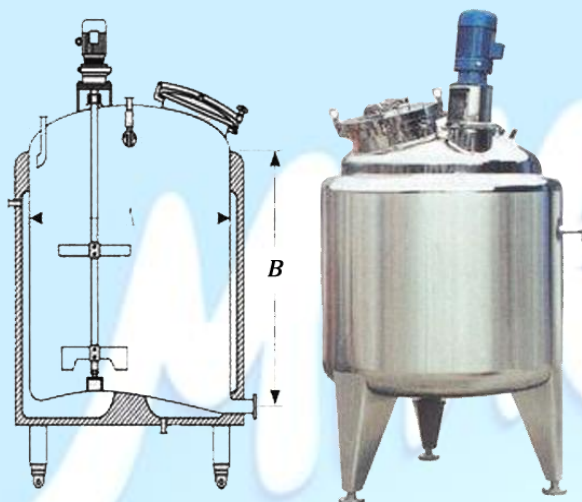

Fuel Storage Tank

Specification:

- Material- MS/SS
- Design type: Customized
- Orientation: Horizontal/Vertical
- Level indicator equipped

Our Products:

Mixing Tank

Features:

- Material- SS 304/316/202
- Agitator motor
- Control panel
- Gear drive
- Baffle plates

Melting Tank

Specification:

- Material- SS 304/316/202
- Insulation type- High density PUF
- Agitator motor
- Control panel
- High temp. resistant
- Heating by- Hot water/ Oil/ Electric heater

Ice Bank Tank - IBT

Specification:

- Insulated dump tank in Stainless steel/ Mild steel
- Copper coiling
- R22 Gas flowing in copper coiling
- Compressor- Emerson
- Insulation type- High density PUF
- Purpose- Milk cooling

Our Products:

Plate Heat Exchanger

Features:

- Low noise operation
- High grade material
- Compact design
- Primary Exchanger Material- Steel, Titanium
- Flow Rate (L/min) - Custom Made to Process Requirement

Milk Cream Separator

Specification:

- Material- SS 304/316/202
- SS Bowl
- MS body
- Offline/ Inline cream separator
- Range- 60 LPH to 3000 LPH
- Type – Manual and Automatic

Milk Analyzer Machine

Specification:

- Ultrasonic Machine
- Printing option
- Fat and SNF testing
- Measurement time 40 second
- Digital display
- Auto backup
- USB pen drive
- Receipt printing

Our Products:

E-Rickshaw Water ATM Machine

Features:

- Material- Stainless steel
- Dispensing by- Coin/Card
- 4 types of Indian coins 1, 2, 5, and 10 Rs. are operational for Milk dispensing.
- Extra- RO System/ Chilling system

Water Vending Machine

Specification:

- Material- Stainless steel
- Orientation- Vertical
- Dispensing by- Coin/Card
- 4 types of Indian coins 1, 2, 5, and 10 Rs. are operational for Milk dispensing.
- Extra- RO System/ Chilling system

Water Chiller Machine

Specification:

- Material- Stainless steel
- Design type: Customized
- Orientation: Horizontal/Vertical
- Compressor: Emerson
- Corrosive resistance
- Insulation type- High density PUF
